Weihua Zhu et al.

Author comment on "System vulnerability to flood events and risk assessment of railway systems based on national and river basin scales in China" by Weihua Zhu et al., Nat. Hazards Earth Syst. Sci. Discuss., <https://doi.org/10.5194/nhess-2021-188-AC3>, 2021

We thank the reviewer for the insightful comments and valuable remarks that helped us to improve the manuscript. The comments are very helpful and we have incorporated them into the revised manuscript. In the following, the texts with blue font are the reviewer's original comments, the texts with normal font are authors' responses and the texts with italic font are authors' responses in the revised manuscript. Our detailed responses are in the supplement file.

Please also note the supplement to this comment:
