Editor Comment on nhess-2021-21

Oded Katz (Editor)

Editor comment on "The Effect of the Wenchuan and Lushan Earthquakes on the Size Distribution of Earthquakes along the Longmenshan Fault" by Chun Hui et al., Nat. Hazards Earth Syst. Sci. Discuss., <https://doi.org/10.5194/nhess-2021-21-EC1>, 2021

Following the authors request (posted below) to withdraw this manuscript (nhess-2021-21). I am closing the Discussion.

Oded Katz
Handling Editor

Dear Lorena Grabowski,

Sorry to bother you. Given the long preprint time. I am sorry to inform you that we have decided to withdraw the manuscript<The Effect of the Wenchuan and Lushan Earthquakes on the Size Distribution of Earthquakes along the Longmenshan Fault>.

Could you please tell me how to withdraw the manuscript?

Please reply to me as soon as possible.

Kind regards,

Chun Hui
