Author comment on "An inventory of Alpine drought impact reports to explore past droughts in a mountain region" by Ruth Stephan et al., Nat. Hazards Earth Syst. Sci. Discuss., <https://doi.org/10.5194/nhess-2021-24-AC3>, 2021

Dear Anne van Loon,

thanks for your comments and suggestions to improve our manuscript. We appreciate your detailed and constructive feedback and would like to come up with a revised version.

Thank you!
