Community comment on "Lessons from the 2018–2019 European droughts: a collective need for unifying drought risk management" by Veit Blauhut et al., Nat. Hazards Earth Syst. Sci. Discuss., <https://doi.org/10.5194/nhess-2021-276-CC2>, 2021

---

Dear Alban Kuriqi,

Thank you for the comment.

Though inot specified which maps the comment refers to, the maps on Fig. 1 (layout subsequently used for the other maps) are generated by the European Drought Observatory, which is part of the Jount Research Center of the European Comissions. Therefore, comments regarding political boundaries should be addressed thereto.

Best regards,

Kiril
