Author comment on "Brief Communication: A case study of risk assessment for facilities associated with earthquake-induced liquefaction potential in Kimhae City, South Korea " by Sang-Soo Jeon et al., Nat. Hazards Earth Syst. Sci. Discuss., <https://doi.org/10.5194/nhess-2021-287-AC1>, 2022

Dear Referee,

I am very glad to have an opportunity to revise the manuscript. The paper has been substantially modified based on the referees' recommendations. The revised and corrected contents with respect to all referee comments are summarized and attached.

I deeply appreciate for your concern and invaluable time for review process.

Best regards,

Sang-Soo Jeon
