Author comment on "A global open-source database of flood-protection levees on river
deltas (openDELvE)" by Jaap H. Nienhuis et al., Nat. Hazards Earth Syst. Sci. Discuss.,
<https://doi.org/10.5194/nhess-2021-291-AC2>, 2022

Regarding the leveed area, we agree that this is an important point and we will certainly
improve our explanation when we revise our manuscript.
