Referee comment on "Understanding rockfalls along the national road G318 in China: from source area identification to hazard probability simulation" by Lixia Chen et al., Nat. Hazards Earth Syst. Sci. Discuss., <https://doi.org/10.5194/nhess-2021-303-RC3>, 2022

This paper presents a concoction of standard methods in rockfall hazard analysis and does not contain a substantial contribution to science. The reviewer can concur with the recommendations of RC2 and the assessment of RC1.
