Author comment on "Invited perspectives: The ECMWF strategy 2021–2030 challenges in the area of natural hazards" by Florian Pappenberger et al., Nat. Hazards Earth Syst. Sci. Discuss., <https://doi.org/10.5194/nhess-2021-33-AC1>, 2021

Thank you very much for reading it and all the excellent corrections, suggestions and rephrasing - we will include them all as it will greatly improve the manuscript. You are particular right regarding your comment on GPUs (should have been phrased more generic!). We will need some time to think how to me more bold in the conclusion :) !
