Heinz Jürgen Punge et al.

Author comment on "Characteristics of hail hazard in South Africa based on satellite detection of convective storms" by Heinz Jürgen Punge et al., Nat. Hazards Earth Syst. Sci. Discuss., <https://doi.org/10.5194/nhess-2021-342-AC1>, 2022

The authors thank the reviewer for the helpful and extensive comments. We will make an effort to clarify the description of the modelling process and revise the arrangement of figures and tables. The answers to the comments can be found in the attached pdf.

Please also note the supplement to this comment:
