Author comment on "Using a single remote-sensing image to calculate the height of a landslide dam and the maximum volume of a lake" by Weijie Zou et al., Nat. Hazards Earth Syst. Sci. Discuss., https://doi.org/10.5194/nhess-2022-35-AC5, 2022

Dear Reviewer#2,

Thank you for reviewing our manuscript and your valuable advice. We all agree with you completely. Based on the comments and suggestions, we have made extensive revisions to the original manuscript. A point-by-point response is presented in the supplement.

We will revise our manuscript based on your helpful comments after interactive discussion.

Thanks again.

Weijie Zou on behalf of all co-authors.
