Author comment on "Improving the predictability of the Qendresa medicane by the assimilation of Conventional and Atmospheric Motion Vector observations. Storm-scale analysis and short-range forecast." by Diego Saúl Carrió, Nat. Hazards Earth Syst. Sci. Discuss., <https://doi.org/10.5194/nhess-2022-58-AC3>, 2022

Dear reviewer,

Thank you very much for your feedback. Following your suggestion I have carefully revised the manuscript correcting minor language edits and typos. I would like to thank the reviewer again for helping in improving significantly the quality of this work.

Thanks in advance,

Diego
