## **Comment on nhess-2022-58**

Anonymous Referee #1

---

Referee comment on "Improving the predictability of the Qendresa medicane by the assimilation of Conventional and Atmospheric Motion Vector observations. Storm-scale analysis and short-range forecast." by Diego Saúl Carrió, Nat. Hazards Earth Syst. Sci. Discuss., <https://doi.org/10.5194/nhess-2022-58-RC2>, 2022

---

The author has succesfully modified the manuscript following my remarks and better described several points that were not clear in the original version.

Minor language edits and typos are to be still corrected in the manuscript before it is ready for publication.
