Fahim Sufi et al.

Author comment on "A Scenario-based Case Study: AI to analyse casualties from landslides in Chittagong Metropolitan Area, Bangladesh" by Fahim Sufi et al., Nat. Hazards Earth Syst. Sci. Discuss., <https://doi.org/10.5194/nhess-2022-90-AC10>, 2022

In another comment, the review mentioned that the manuscript lacks clarity which ultimately impacts the reproducibility of the work. We can assure that this work is fully reproducible as the source code have been already published with peer-reviewed academic software repositories:
