Stephen Jewson et al.

Author comment on "Improving the potential accuracy and usability of EURO-CORDEX estimates of future rainfall climate using frequentist model averaging" by Stephen Jewson et al., Nonlin. Processes Geophys. Discuss., <https://doi.org/10.5194/npg-2021-12-AC1>, 2021

Many thanks for taking the time to read and understand the paper, and for the various helpful comments and suggestions.

My plan is to wait for the other reviewer, and any other comments, and then work on an improved version.

best regards,

Steve
