Author comment on "Fortnight conditioning of historical data to improve short-term precipitation predictions" by Yoshito Hirata and Yoshinori Yamada, Nonlin. Processes Geophys. Discuss., <https://doi.org/10.5194/npg-2022-9-AC1>, 2022

Dear Dr. Dmitri Kondrashov,

Thank you very much for providing us your valuable comments.

Your comments helped us to explain, more deeply, the dataset of precipitation we have.

Thus, we would like to reply your comments as the attached PDF file.

We hope that we have covered all of your comments and can clarify the nature of the precipitation dataset.

Yours sincerely,

Yoshito Hirata
