Comment on os-2021-15

Trevor McDougall (Editor)

Editor comment on "Estimating the Absolute Salinity of Chinese offshore waters using nutrients and inorganic carbon data" by Fengying Ji et al., Ocean Sci. Discuss., <https://doi.org/10.5194/os-2021-15-EC1>, 2021

Dear authors, thank you for answering the comments of the three reviewers. On the basis of this, please go ahead and submit a final version of this OSD manuscript, for possible acceptance as a paper in Ocean Science.

Trevor
