Editor comment on "Forecasting hurricane-forced significant wave heights using a long short-term memory network in the Caribbean Sea" by Brandon J. Bethel et al., Ocean Sci. Discuss., <https://doi.org/10.5194/os-2021-84-EC1>, 2021

Dear Dr. Bethel,

The two reviewers have both provided very useful and insightful comments on your manuscript.

I note also that you have carefully addressed each point raised by both reviewers.

I therefore encourage you to prepare a revised version of your manuscript as you have outlined in your responses.

Your revised manuscript will be sent to both reviewers for further evaluation and comment.

Yours sincerely

Andrew Moore
