Community comment on "De-risking the energy transition by quantifying the uncertainties in fault stability" by David Healy and Stephen Paul Hicks, Solid Earth Discuss.,  
<https://doi.org/10.5194/se-2021-100-CC3>, 2021

---

Hi David

There is now some published information on the PTF at the UD site in a paper from Reinecker et al. in Geothermics.

Best wishes

Bill
