Author comment on "Late to post-Variscan basement segmentation and differential exhumation along the SW Bohemian Massif, central Europe" by Andreas Eberts et al., Solid Earth Discuss., <https://doi.org/10.5194/se-2021-15-AC1>, 2021

Dear Dr. Siebel,

Thank you very much for your detailed feedback and constructive comments, which greatly helped us to improve the final version of our manuscript. In the attached supplemental file, we address all of your comments, with our responses listed in blue and italics.

On behalf of all authors,

Andreas Eberts

Please also note the supplement to this comment:
