Comment on se-2021-97

Peter Biermanns et al.

Author comment on "Aegean-style extensional deformation in the contractional southern Dinarides: Incipient normal fault scarps in Montenegro" by Peter Biermanns et al., Solid Earth Discuss., <https://doi.org/10.5194/se-2021-97-AC1>, 2021

Based on the first reviewer's comments, I realised that I failed to upload an xls sheet that is part of the supplement. As all other supplementary material is combined in one PDF, I simply forgot about this separate file.

I apologize for the inconvenience!

Please also note the supplement to this comment:
