Author comment on "Developing the Swiss mid-infrared soil spectral library for local estimation and monitoring" by Philipp Baumann et al., SOIL Discuss.,
<https://doi.org/10.5194/soil-2020-105-AC5>, 2021

Dear Prof. van Wesemael,

We apologize for the incorrect upload attempt recently done. We have now uploaded our correct responses to the reviewers and are looking forward to submit an improved version of our manuscript.

Yours sincerely,

Philipp Baumann, on behalf of all co-authors
