Author comment on "Whole-soil warming decreases abundance and modifies the community structure of microorganisms in the subsoil but not in surface soil" by Cyrill U. Zosso et al., SOIL Discuss., <https://doi.org/10.5194/soil-2021-14-AC1>, 2021

---

Dear Dr. Grace Pold, Dear Dr. Ashish Malik

Thank you very much for your constructive comments. We kindly refer you to the attached pdf for our detailed answer, as it was easier to have a clear structure this way.

Kind regards,

Cyrill Zosso on behalf of all Co-authors
