Author response to comments from two reviewers Title: Supraglacial pond evolution in the Everest region, central Himalaya, 2015–2018 Authors: Caroline J. Taylor, J. Rachel Carr MS number: tc-2019-12

Dear Editor,

We are very grateful to C. Scott Watson and an anonymous reviewer for taking the time to review our manuscript and for providing detailed constructive comments. On reflection, and given the sensitive nature of glacier hazards, we accept that the manuscript
