Author comment on "Towards improving short-term sea ice predictability using deformation observations" by Anton Korosov et al., The Cryosphere Discuss., <https://doi.org/10.5194/tc-2022-46-AC1>, 2022

---

We appreciate the reviewer's constructive comments. As requested by the reviewer, more experiments for evaluating predictability of sea ice deformation were run. Please see the attached file for details.
