## **Comment on wcd-2021-61**

Camille Li (Editor)

---

Editor comment on "Improved teleconnection between Arctic sea ice and the North Atlantic Oscillation through stochastic process representation" by Kristian Strommen et al., Weather Clim. Dynam. Discuss., <https://doi.org/10.5194/wcd-2021-61-EC1>, 2022

---

Thanks to the referees for their in-depth reviews and the authors for their careful consideration of the points raised. Because of rather substantial edits and a re-interpretation of the results in response to the reviews, I'm offering the referees a chance to comment further on the revised manuscript.
