Comment on wcd-2022-50

Acacia S. Pepler and Irina Rudeva

Author comment on "Anomalous subtropical zonal winds drive decreases in southern Australian frontal rain" by Acacia S. Pepler and Irina Rudeva, Weather Clim. Dynam. Discuss., https://doi.org/10.5194/wcd-2022-50-AC1, 2022

We thank both reviewers for their detailed and helpful comments. A full response to each reviewer is provided in the attached file, including examples of changes to text and figures we intend to make in a revised manuscript.
