Author comment on "Experimental investigation of mini Gurney flaps in combination with vortex generators for improved wind turbine blade performance" by Jörg Alber et al., Wind Energ. Sci. Discuss., <https://doi.org/10.5194/wes-2021-124-AC2>, 2022

Dear Mohammad Mahfouz (RC2),

on behalf of all co-authors, I would like to thank you for taking the time to review our study. Your suggestions will definitely improve the quality of this paper.

Most of your suggestions will be implemented in the revised paper. The report will be restructured and shortened, as suggested. In only a few cases, your comments cannot be implemented entirely.

Detailed one-to-one answers are provided inside the pdf supplement.

Best regards,

Jörg Alber
