Author comment on "The revised FLORIDyn model: Implementation of heterogeneous flow and the Gaussian wake" by Marcus Becker et al., Wind Energ. Sci. Discuss.,
<https://doi.org/10.5194/wes-2021-154-AC1>, 2022

Dear Jaime Liew,

Thank you for your in-depth review and the questions.
I have attached my responses to your questions and to the questions of M. Paul van der Laan as a pdf. Feel free to contact me if things are unclear or if you would like to discuss some aspects (the control design for instance).

With best regards,

Marcus Becker
